

RoHS PVC Jacket 23AWG Category 6 UTP Bare Copper Cable - Fluke Test passed

FEATURES

- 0.56 Bare copper
- 23 AWG, 0.21 HDPE
- 4 pairs over PE Cross
- 75 degree RoHS PVC
- Fluke-test passed
- Indoor use

APPLICATION

- Integrated wiring system
- Support data, voice, video signal
- Support 10Base-T, 100Base-TX, 1000Base-TX
- 100Base-VG-ANY LAN, 155Mbps ATM, 622Mbps ATM, 1000Base-T

TECHNICAL SPECIFICATION

| | |
|---------------------------------|---------------------------------|
| MODEL | CU-CBS/6011-305A |
| Conductor | 0.56mm, Bare Copper |
| Insulation | 0.21mm HDPE |
| No. of Pairs | 4 pairs |
| Color Cord | White-Blue |
| | White-Orange |
| | White-Green |
| | White-Brown |
| PE Cross | 4.4 x 4.4mm HDPE |
| Jacket | 6.2mm PVC |
| PACKAGING | 305m reel/box |
| ELECTRICAL SPECIFICATION | |
| Insulation Resistance | 5,000MΩ/km Minimum @ 20°C |
| Temperature range | -20°C to 60°C |
| Spark test | 1,000V DC / 1 min; No Breakdown |
| VOLATAGE RATING | 30V |
| Velocity of Propagation | 69% |
